BUSINESS SERVICES HELP DESK LAUNCH

We are excited to announce the launch of the **Business Services Help Desk** on August 20, 2018.

This new help desk function will act as a primary customer service contact for the Business Services department. Business Services Help Desk Specialists will be available during regular business hours and accessible via email or telephone. They will be working closely with the Finance Support Officers assigned to each school to minimize wait times, resolve questions and issues, and enhance quality of service.

Examples of issues that **Business Service Help Desks Specialists** can assist with are:

- entering transactions, reconciling accounts, and generating reports when using Quicken and KEV (for Petty Cash and School Generated Funds)
- finding and completing forms for P-Cards, journal entries, donations, budget transfers, etc.
- finding and understanding entries in SAP (e.g. P-Cards, journal entries, donations, budget transfers, etc.)

Please see the flyer in the September 3rd issue of DirectLine for more complete information on how the Business Services Help Desk Specialists can serve you and how to contact them.

VISUALS ARE WORTH A THOUSAND WORDS! USING VISUALS EFFECTIVELY IN THE CLASSROOM

In this **two-part workshop**, you will learn how to use visuals effectively to support your students' communication, behavior, and learning. In **Part One**, you will gain a deeper understanding of why visuals work. We will talk about what the GOAL of the visual is and share lots of related classroom examples. In **Part Two**, you will learn how to effectively use visual supports in your classroom to meet the needs of students with varying levels of ability. This includes what to do when a visual does not initially work, examples of high tech visuals, and what using visuals looks like in an IEP.

For more information see the attachment in the September 3rd issue of DirectLine.

Please note that release time is not provided; participants must secure release time with school admin prior to registering!!
